Civil Rights Bill Unconstitutional Massive Defiance Seen

The Civil Rights Bill will not work.

Recent surveys by this editor have not found a single businessman who is going to hire Negroes, or restaurant owner who is going to serve them. THE CIVIL RIGHTS BILL IS UNCONSTITUTIONAL. Many comment, "It won't work." Some say, "I'll lose all my customers if I serve Negroes." Or, "My white workers would go on strike, if we brought in Negro workers," replied another. The white American is almost unanimous in his opposition to the most despicable and un-American bill ever introduced into Congress. It goes

much further than anything forced upon our people during the Reconstruction days.

The Civil War was fought over issues not nearly as damaging to the preservation of the white race as this Bill. With this vicious Bill in effect, we are no longer a free people. The FBI will have to hire many thousands of new agents to try and force us to take Negroes into our businesses and to sit down and eat with them in restaurants.

The U. S. Constitution guarantees you the right to own private property—and so does it as you deem fit. The Civil Rights Bill contradicts all this. It turns our

private property over to the use of our enemy—the Negro animal, the jungle beast who is out attacking, robbing and beating our menfolk, and raping our womenfolk.

According to Malcom X of the Black Muslims, the Man Man has now come to America. Unfit swine, who sit in the U.S. Senate, now say we have to live with, work with, and eat with unfit Black animals! These Senators have sold their very souls to the racial degenerate, Jew-Negro-mongry vote machine.

"The very blood of every white person who has been murdered or raped by these Negro

beasts, IS UPON THE HANDS OF THESE DISPICABLE SENATORS AND CONGRESSMEN WHO VOTED FOR THE COMMUNIST CIVIL RIGHTS BILL.

The time has come for us to stand up and fight for RIGHTS FOR WHITE. We must never surrender our God-given, precious heritages as a free people to the gangsters in Washington. These Senators would destroy our people for all generations to come through mongrelization with the nigger race for a handful of Jew-Negro-bloated votes. THESE SENATORS IN WASHINGTON ARE SELLING THEIR SOULS TO THE JEW-NIGRO FOR 30 PIECES OF SILVER.

There can be no doubt that this treacherous bill will be met with "massive resistance" from the white people of America. Our forefathers fought and died in many wars to protect our people from such tyranny. The Civil Rights Bill is Communism in action. It is our duty, to our children and grandchildren to fight this despotic bill as long as it is on the books. We must demand its repeal. We must never rest so long as these filth, and let's face it, out and out NIGGER LOVING TRAITORS REMAIN IN OFFICE.

We predict the white people will flood the federal courts with hundreds of thousands of test cases of the Civil Rights Bill. The Bill clearly violates OUR

RIGHTS AS FREE WHITE PEOPLE. It must be taken into the courts and tested a thousand times over, until we the people have become strong enough to throw out every single bloody politician who had a hand in shanking this bill around our necks.

This is a fight for the very survival of our people as a pure white race. Many thousands of white businessmen across the land are not going to obey this bill. They are going to take it into the courts and if ruled against, they will appeal it all the way through the courts. Most decent self-respecting white businessmen are not going to be bullied by a handful of Bobby Kennedy FBI agents into accepting Negroes. They are not going to hire Negroes and are not going to feed Negroes, that is what every single white businessman has told this reporter.

Let's back up all who fight against this evil bill. Help the NSRP, which will soon begin a campaign to repeal the Civil Rights Bill. THE TIME HAS COME—STAND UP AND FIGHT THE CIVIL RIGHTS BILL. LET'S NOT TAKE UP A SECOND UNTIL THIS COMMUNIST, FORCED RACE MIXING BILL IS REPEALED AND DESTROYED. LET'S KICK OUT OF OFFICE EVERY SINGLE CRIMINAL IN THE U.S. HOUSE AND SENATE WHO VOTED FOR THIS BILL.

Brief History of The Life

Perhaps the most formal opposition to the present trend, based on turning the Federal Government into a dictatorship is Gov. George C. Wallace of Ala. No other man has carried the banner of Segregation and States Rights before the vast masses of all our people, both North and South.

George C. Wallace was born on a country farm in Clio, Alabama on Aug. 25, 1916. Only 34 years had passed since the end of the Civil War. The South was still far from full recovery from the economic ravages of the Civil War. Thus the early surroundings of Gov. Wallace were ripe with the memories and latent sufferings which kept the people of these Deep South areas in unshaken poverty.

George C. Wallace entered the Clio Elementary School in Sept. 1925, and was made a "good student." He helped his father on the farm and often rode atop the horse driven cotton wagons, enroute to the cotton gin. During the dark Depression, young George Wallace would spend his energy picking blackberries and selling them for one cent a gallon - and giving the proceeds to his family. He learned how to use a plow and drive a mule, and plant cotton. In 1931 he entered Barbours County High School. He was described as an "outstanding student, popular, and always dependable."

When only 15 pounds, young Wallace (until a basketball made weight) was described as "cheerful and merry - the heart of the team." George was a natural born scrapper, who never walked away from a fight. This fierce competitive spirit led him into boxing. Wallace twice won the State Boxer weight boxing Championship. Wallace boxed in College and while serving in the armed services - he has never been knocked out. When he graduated from High School in 1935, he had been elected president of the senior class.

That same year he began serving in the Alabama state legislature as a Senate Page. George's father's health was failing, and the young southern gentleman had to work hard to support his family. He sold magazine subscriptions door to door, and fought professionally, against assault and experienced fighters.

In 1937 Wallace graduated from Barbours County High School and entered the University of Alabama. In November of that year his father died and the mortgage holders foreclosed on all the Wallace farm property, except for the family home. Young Wallace would not allow any such tragedy to happen. He worked hard, as a boarding house, where his classmates ate. Worked as a clerk in the Registrar's office and he studied mostly between classes, on borrowed books. Though young Wallace was poorer than the poor, and, "didn't have any books or clothes - he did have brains, guts and guts."

Of Governor George Wallace

George continued his active campus leadership as captain of the freshmen basketball team and in 1939 and 1940 captain of the debating team. Wallace was elected president of his college Freshman class and reached the finals in the student debating society. Wallace was described as "very popular, never known to be popular." Wallace could never afford to be a fraternity man, but took part in many free dances and other activities.

George Wallace graduated with his Law degree in 1941 - first in his class. His first "probation" was achieved by getting 100 out of 100 on his law school exams. He had no funds to open up a law office, or to continue into a rich law firm. His first job was driving a dump truck for the State Highway Dept.

George then worked in an aircraft school, where he met his wife to be, 16 year old Lurleen Burns, who worked as a clerk. In 1943 Wallace was an enlistee in the Army Air Corps and married his sweetheart. Shortly thereafter Wallace came down with spinal meningitis and nearly died. This destroyed his plans to become a pilot, but he later made flight engineer and flew many bombing missions in the Pacific.

After the war George Wallace's first job as a public servant was a state assistant attorney general with a monthly salary of \$175. In 1946, Wallace was elected to the state legislature from Clay County. Wallace was responsible for the passage of many laws which helped the people. Such as, the Anti-Gas Shortage act, which provided gas to smaller cities etc.

At the 1956 Democratic Convention, Wallace led the fight against the Civil Rights plank in the platform. In 1952 Wallace was elected a Circuit Judge. In 1953, he issued an injunction against the removing of "white" or "colored" signs to railroad terminals. He earned the term of the "fighting little judge" when he defied a federal judge order to produce certain "white" registers records. He was charged with "contempt" but the federal judge died, when it came to punishing Judge Wallace.

In 1961, George Wallace ran for Governor, on a pure States Rights platform. He lambasted the federal dinosaurs as "tyranny, judicial rule, and just plain heavy exercise of the iron fist." He was overwhelmingly elected by the largest majority ever given an Alabama Governor.

Gov. Wallace has never wavered upon his crusade and is now preaching the message of belief in freedom and the dangers of this monstrous federal government which is trying to oppress and destroy for all time to come the White race of people who founded this free Republic. Gov. Wallace and present him from the race-mixing traitors in Washington.

A flourishing branch of the Wallace clan. From left to right: George Wallace, Jr., Lurleen Wallace, George Wallace, and the girls, Fanny Sue and on the right, Fanny Sue.

The fighting "little judge" rolls up his sleeves.

NEVER SURRENDER TO CIVIL RIGHTS BILL

ROBERT WELCH ADMITS LIBEL BUT REFUSES TO RETRACT

NEGROES ATTACK NEW YORK JEWS

One of the strongest attacks to develop out of the present racial struggle is that the Negro has turned viciously against the Jew. It is a case of a dog biting the hand that feeds him. The heads of both NAACP (Arthur Spingarn) and CORE (Martin Luther King) are Jews. In fact, the Jews have led the fight for Negro rights in America.

The world's largest concentration of Jews is in New York City. Lately, Negroes have been robbing, beating, insulting, raping and murdering Jews in New York. One of the most recent hit is Crown Heights, where the exploding Negro population is spilling over into the Jewish neighborhood. The Jews are terrified, and do not dare venture out after dark. In one Crown Heights, Rabbi Samuel Schrage has formed a voluntary citizens patrol. They drive through the streets from 6 p.m. to 5:30 a.m. trying to spot potential Negro trouble makers. They have an amateur radio station, K2C-400, by which they communicate back to their headquarters and with other squad cars.

Negroes have demonstrated as the KKK Klan vigilantes and have demanded that it be disbanded. But, the power of the Jew is so great in New York, that day after day are police reports of Jews to continue these previous vigilantes parties to protect their lives and property from the Negro mob.

At this point we would like to comment that this is not in the true spirit of brotherhood that the Jews have been preaching to us Christians. We feel they should welcome the Negro into their midst and share with him. After all, have not the Jews been telling us to learn to love the other races, that all are brothers and that all are created in the image of God? The Jewish vigilantes (called Maccabees) were formed after a Rabbi's wife was dragged out of her home and raped by bloodthirsty Negroes.

Now we say to the Jews: After all the brotherhood parades, you have been feeding the Negroes, perhaps these black savages deserve the "Chit Right" to rape the Rabbi's wife! After all, should not the Rabbi turn the other cheek and forgive his brothers? YOU JEWS ARE NOW REAPING THE WHIRLWIND YOU INTENDED FOR OUR WHITE CHRISTIAN WOMEN TO SUFFER.

No, we do not feel any sorrow in our hearts for the Jews who have brought this horrible situation upon America. Of course, all will suffer now that this sadistic Black Plague has been named Jews and given the "Chit Right" to rape our property. WE HAVE HAD ENOUGH OF THE JEWS.

AMERICAN OPINION

An Informal Review

Belmont 78, Massachusetts
March 3, 1964

Dear Mr. [redacted]

Unfortunately, I seldom have an opportunity to read any of the articles which appear in *American Opinion* prior to the time that they are published. If I had seen that paragraph in the February issue dealing with the National States Rights Party, I would have objected strenuously to the description of Messrs. Fields and Lyons as "Communist agents provocateurs." While I am in complete and total disagreement with the principles and policies of the National States Rights Party, I do not know of any information which would warrant the conclusion which was drawn by the author of "Correction Please."

However, I will still maintain that no reliable or responsible anti-Communist should have anything to do with this group.

Please accept my very best wishes and our kindest personal regards.

Sincerely,

James J. Drummond

Amazing Letter From Birch Magazine Proves Story Was False

CAN LEGALLY ORGANIZE VIGILANTES TO PROTECT THEMSELVES. IT IS HIGH TIME WE WHITE PEOPLE DID THE SAME THING IN EVERY NEGRO-BOOMING PACING THE SAME DANGER.

THE TIME HAS COME FOR ALL TO STAND UP AND FIGHT OR TAKE THE CHANCE OF OUR LOVED ONES BEING RAPED AND KILLED. STOP ALL THIS BROTHERHOOD DRIVEL AND THING FOR THE PRESERVATION OF THE WHITE RACE!

BIRCHERS NOT ANTI-JEWISH SAYS LEADER

NEW YORK (JTA)—The head of the John Birch Society has asserted that he will not allow his organization "to be a haven" for persons engaged in anti-Semitic activities. "We are not anti-Jewish and by the very nature of things we cannot be made anti-Jewish," Mr. Robert Welch stated in a letter to the Anti-Defamation League.

Wire Service Carried This News

Then Journal Wire
EDWARD M. FIELDS, National States Rights Party Regional director, told a 51 million word net in Birmingham against the John Birch Society and its founder, ROBERT WELCH, for allegedly calling him a "Communist agent provocateur" in an article which appeared in the organization's magazine *American Opinion*.

Dr. Fields Forced To Sue

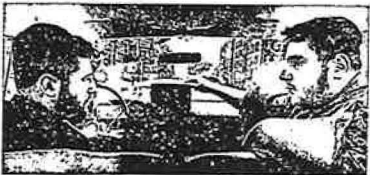

On Tuesday, May 26, 1964 Dr. Edward M. Fields filed a libel suit against Robert Welch, head of the John Birch Society, and publisher of "American Opinion." The Welch magazine in its Feb. issue had charged that Dr. Edward M. Fields and Robert Lyons (NSRP Youth Leader) were "Communist agents provocateurs." This libelous statement to undermine the faith of the right wing in the leadership of NSRP. Welch had absolutely no proof to back up this libelous remark.

Dr. Fields and NSRP have a high regard for the John Birch Society and its members. Many of them are members of "The Thunderbolt" and some of them are even members of National States Rights Party. We feel that they have done a good job, but should stop writing drum beating Dr. Fields and NSRP. We didn't want to file this legal action, because of our personal friendship with many Welch people. Several letters were mailed to Robert Welch asking him to correct and retract, and apologize to Dr. Fields and NSRP.

Which never back that he requested the article now, but would never retract or apologize to Dr. Fields. At the same time every people in both NSRP and JBS were writing letters to Mr. James J. Drummond, Research Dept. of *American Opinion* Mag. (Reproduced on this page in his reply written to an NSRP member). Note that Mr. Drummond says there was no information that could warrant the libelous charge against Dr. Fields made in "American Opinion." But, also note that the letter ends up with a clear inference that they are not going to do anything about correcting the smear against Dr. Fields.

The most outrageous part of all this, is that as of this date, even the Jewish AID, and NAACP has not accepted to talking such a hard word to us again. We would have no honor or character at all if we did not demand that Robert Welch either retract and apologize, or be hauled into court to answer for these charges.

If we allowed anyone to get by with such baseless accusations, public faith in the integrity of our movement would be impaired. We hope our many readers will continue their efforts stop this smear campaign and force Welch to retract and apologize so that this legal suit can be ended.

Mobile "White Citizens Council" Merges With NSRP

BOB SMITH LEADING THE PICKET LINE

BOB SMITH APPOINTED MOBILE NSRP CHAIRMAN

The officers of National States Rights Party take great pride in announcing the merger of the Mobile White Citizens Council with NSRP. Bob Smith, head of the Mobile Council, worked out the details on merger with Dr. Fields. Two weeks later the new Mobile NSRP Unit held its first meeting in the local National Guard Armory. For the first meeting, about 100 people attended and the Unit's activity was underway.

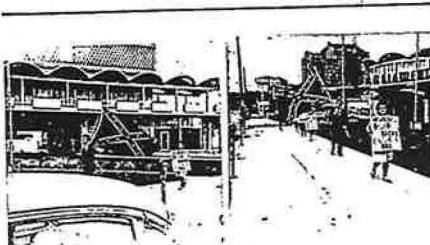

Under the leadership of Bob Smith, (now Mobile NSRP Chairman) and with the practical help of his lovely wife—the new Unit has made rapid progress. They have purchased an old set printing press and have already printed over 50,000 anti-Semitic leaflets for local distribution. They are now looking for a suitable building for the Mobile NSRP Headquarters. Bob Smith is an automobile dealer with wide business experience and has had his own radio program.

On this page are pictures of the picketing of "Civil Rights Progress Rally" held in Mobile by Jack Greenberg, lawyer for the NAACP. Despite the fact that the rally was held in the middle of the Negro district, Bob Smith led a brave band of NSRP members right into the heart of the enemy and picketed with direct action signs, saying "DO HONOR JEW GREENBERG" and "C.O.U.L. PRESIDENT IS A JEW." The picketing was a great success which shocked the enemy—there was no violence.

Under the daring leadership of Bob Smith, the National States Rights Party will make tremendous progress in Mobile and all of South Alabama. The National Executive Committee of NSRP wishes to Congratulate Bob Smith and all the new members in Mobile for their heroic start.

1,000 More Patriots Like This One Needed

CONGRATULATIONS are in order to a Brooklyn, New York member (middle J. H.) who has loyalty sent in 15 every month to NSRP to send out 50 copies of each issue of "The Thunderbolt" to mailing lists he writes up. To date this patriotic individual has been responsible for the mailing of 3,000 copies of our newspaper to lists on lists in every state. If only 1,000 other supporters would do the very same thing, the right would reach such a vast number of new people so quickly, that we feel the reversal victory of our side would soon be at hand.

Early one Sunday morning in April, Alabama Jews were about to wind up their annual B'Nai B'rith convention. They had heard speeches by rabbi Meyer Stein and AGL officials. They had passed a resolution calling for the defeat of the Boker Amendment now pending before Congress.

The Boker Amendment would allow Christian prayer and Bible reading in schools. Jews have bitterly opposed this bill. While all this was going on, outside Birmingham's new Parliament House hotel, Dr. Edward Fields personally led a band of NSRP pickets who marched up and down protesting this anti-

Christian meeting. Signs carried each slogan as "JEW BACK TO ISRAEL", "B'Nai B'RITH IS ANTI-CHRISTIAN", "JEW IS HINDU", "RACE-MIXING". Dr. Fields carried a giant Confederate Flag. The event received publicity over the radio and in the newspapers.

The National States Rights party yesterday launched a campaign to put congressional John Kasper on the Nov. 3 general election ballot in Florida as a candidate for reelection.

Judge dismisses parading charges

Florida demonstration parades charged against three national States Rights party leaders were dismissed yesterday by Circuit Judge George Lewis.

The three are Edward P. Fields, NSRP chairman, director, and Albert P. DeBlase, a party worker.

MULTIPLE additional charges against Fields and James E. Ward, NSRP member, were dismissed in the city court.

The judge said the charges were dropped because a Circuit Court judge in Jacksonville in January on a writ of habeas corpus, ordered the charges dropped.

PICKETED MOVIE CANCELED

An official of Jacksonville movie house said he agreed to suspend showing of a movie with an integrated cast after pickets turned away about 100 cars Sunday night.

J. B. Warner, whose family operates a chain of theaters, declined to comment further on the movie "The Birth of a Nation."

Edward P. Fields, international officer for the National States Rights party, said further picketing was planned for Monday night.

Fields said the movie was canceled when the theater manager agreed to withdraw the picture.

About 30 pickets, wearing anti-semitic placards and carrying signs, drove away cars of the movie house Sunday night.

The South is faced with many Federal judges, having been appointed for life at high salaries, who are completely out of tune with the true feelings of the vast majority of the White people of the South. Some of them have arrogantly used their judicial power to force social changes in direct conflict with our customs and traditions.

of gathering a crowd and supposedly slapping him on entering the polling station. This of course is all a total lie. Mrs. Gels did not gather a crowd or slap him or anyone else even though she said she had good reason to slap him.

Before her case came to trial various pro-American groups formed a "Gels Job" which would try her case but instead would try her case for her husband's death. The government would place three Gels judges of Catholic extraction on the bench with orders to convict her so as to pass the guilt of persecution on to the Catholics. We believe that is exactly what happened.

Rights after hours, Gels was arrested and beaten, she was taken before a military judge and charged with espionage. She pleaded "I am a German," she pleaded "I am a Jew," she pleaded "I am a woman" and "I am a mother" at her and looked at the court attendance and officers, who were all Negroes and stunned, pointing to her, "She has no country," she pleaded. She actually wanted to lie to them to beat them. She again, but they didn't bother her. She was later given the "third degree" by the probation officer and Captain Karp.

This is Jewish anti-Semitism for Christians. NOW CAN JEWS COMPLAIN WHEN PEOPLE LIKE THE GERMANS BEAR UP TO FIGHT THEIR LANDS OF JEWS? CAN JEWS COMPLAIN WHEN THE GERMANS ARE BEING THE DAY WHEN WE CAN DRIVE THESE BLOODY JEWS OUT OF AMERICA, THINK WHAT A GLODIOUS LAND THEY WOULD BE FREE FROM THE SMOKE OF THE GERMANS.

They all say that this is nothing new that organized Zionism has been using this strategy for over 20 years to keep the Jews out of any business or on any Jew who would dare to join a Gentile, that this is the "SAVING NKVD displaced persons" (ANTI DISSEMINATION LEAGUE).

The three "Christian" judges, advised by Jews, ordered her to be examined by a court appointed psychiatrist to determine whether or not she should be committed to an insane asylum for life. This is a fraud in Jew-communist New York City. In other words, if you do not like what you see, you are mentally insane. Jews, you are mentally insane.

The Whites and Blacks were forced to stand against walls for long hours, without food, rest or water. If they moved they were struck in the back of the head with the butt of a rifle. Many brutally wounded Whites were taken to a basement room without sanitary facilities and no food.

“ “

This was the scene ordered by STRYDOM and Bobby Kennedy and assisted by [Natalie Konczak, REMEMBER OXFORD—NEVER FORGET IT. REMEMBER THE TYRANTS WHO WOULD USE RACIAL FORCE TO DESTROY THE WHITE RACE

F102 men and U.S. Marines held prisoners in various positions for many hours.

Rep. John Hawkins, of the Ala. House Committee on State The Press has just revealed the existence of a horrendous secret King handbook called "Handbook For Freedom Army Revolution." It is this very document as Army of deprived Negroes is preparing to march across the South creating riots, slaughter and violence wherever they march. (It is interesting to note that the National Council of Churches has endorsed this non-violent Army.) Every time M. L. King meets resistance, he immediately was this as an excuse to demand that Bobby Kennedy rush him to the White House with a real Army of FBI agents to pull him out of his white skin. If any of us Patriots go out to try and stop King, we first must sign our way through a ring of FBI agents preventing him (or chase his government car, chartered by Justice Dept. officials.) Thus Martin Luther King actually thinks he has been arrested a real King by the degenerate Bobby Kennedy posse.

King's handbook is a brutal document, detailing a brutal plan for open revolution.

Copies of this handbook have been mailed out to those on the mailing list of the "Communist Worker" newspaper.

The hate, ethnic gallements and ethnic details contained in the SCLC Handbook are known as the South-

ness.

"A regular war people leave home, leave their families and jobs, leave schools, or whatever they are doing and go off to fight," says the handbook. "We must do the same thing if we are going to be free. We must leave our homes and wherever we are doing and join the rest of the people who will be going off this spring to fight segregation."

Schools Will Close

"On this spring, 1964, on a certain date which will be kept a secret until the time comes, a call will go out for all those who have volunteered to REPORT FOR DUTY. Schools across the state will be closed because the students will be gone to the army. Women and girls will fight the war as well as the men and boys. Ministers, young people, adults, EVERYONE must respond to the call if we are to get free."

"Let us give one year of our lives for freedom."

"That's right. We are asking everyone who joins to commit himself for one year to do work in this army. A year is necessary because this is not something we will do for a little while and then quit. We must finish the job and win the war."

"There will be thousands of people coming from all over the country. You can't afford to be left behind."

"Hold your place card to day. That's now in the Freedom Army."

Organizations include the mailing of the pledge cards to "Freedom Army Recruitment Center, 713 Dorsey Street, Montgomery, Alabama."

State Objectives

After an impassioned plea on the theme that "in Ala-

bama, negro people cannot vote," the handbook outlines the leading of "Our Objectives," says:

"We must, if we are to be free, make it so that any person in Alabama can register and vote without having to answer any questions or write anything or pay poll tax. We must see that nobody is required to have any qualifications other than living in the state and being 21 years of age."

"We must see to it that, if necessary, the federal government sends marshals to every registration office in the state to make sure that no one is not harassed or discriminated against in any way." (This is done by the federal marshals in the state capital buildings.)

"If everyone can vote, we can elect into office people who will help integrate the schools, restaurants, movies, etc. get negroes better jobs and housing and be more fair and just to all the people."

Expand Physical Building

Another section of the manual headed "OUR WEAPONS," deals with the customary denial of the use of guns, knives, clubs and stones, and the hypocritical denials to "non-violent direct action," then concludes with such hate-mongering phrases as "With this attitude we recognize that there may have to be physical suffering."

Then comes the clincher. Every member of the "army" is practically ordered to get himself or herself in jail. In other words, every army member is directed to VIOLATE THE LAW so as to land in jail. And they are to STAY in jail. The book says — "We will not be paying bond (except in extreme cases like serious illness or emergency)" while "while we're in jail we're the state's problem. They have to feed us, ensure the moral pressure from across the country, wonder what the movement will do next."

Bill Belcher

There are detailed instructions for what to do while in jail, and a code of discipline sort of an "Eleven Command-

ments—directing peaceful actions. Yet the "Ten Commandments" says: We will willingly obey the orders given by our leaders or spokesmen during demonstrations because we recognize the importance of discipline during struggle."

And finally, these limited instructions list — "Clothing and Equipment to Bring With You When You Report for Duty" as follows:

"Toothbrush, Toile Soap"

"Bring enough lunch to last for one full day. This is in case of transportation delays, etc."

"We urge you not to bring home mail. Mail-copies they are absolutely essential to you. The less you bring the fewer things you will have to keep with and carry around."

"The only item of jewelry you should bring is perhaps a watch. This is not necessary. However, for other jewelry, no dia, no high heels, no nylon stockings. We are coming to work and get our freedom, not to look sharp. However, everyone is expected to be clean and well groomed."

"If you have a sleeping bag, it will be helpful to bring it. If you don't have one, don't worry about it."

"Get your things together now and arrange all of your business so that when you are notified, you can be ready to go in one day."

So there you have it.

Apparently, they intend to bring in these foreigners and make them appear to be poor, down-trodden southern "niggers," poorly clothed, without jewelry or nice clothes. The captive southern press photographs should have that!

It would seem that they hope everyone will get them arrested the first day. If they miss, they might find out for a sleeping bag.

It would seem, too, that Martin Luther King has provided Alabama with the best defense weapon it ever has had in this clumsy plot to gain control by the minority, further the communist conspiracy to destroy America through confusion and chaos, and help the Senators falling in line with Communist King—and the administration—to put over this Unconstitutional civil "rights" bill.

If these socialist legislators and their murdering cohorts mobilize those phony Alabama demonstrators, we can slap them in the face with this Handbook — Martin Luther King's outline for anarchy. Should we thank Fido King?

"SATURDAY EVENING POST'S" MISTER X REVEALED

"THE THUNDERBOLT" can now for the first time expose that "Mr. X." is none other than Capt. R. E. Little of the Atlanta, Ga., Police Dept. Little suffers from paranoia and deludes himself by his own imagination. For years now, in "LOOK," "LIFE" and recently "SATURDAY EVENING POST", he has sought publicity with these same interviews about his non-existent "Mr. X." His story on the Birmingham Negro-Church Bombing differs greatly from the official version put out all over Birmingham by FBI Agents Blake and Downey.

These birds need to get together so that they can disseminate the same rumors and lies. The only conclusion to all this is that they actually have no idea at all as to how, or who really bombed the Negro-Church.

During the first week of April, President Johnson announced a new appointment; Sylvester Friedman to be his General Counsel. This is the Number 1 job on the President's staff. Claims Only Force Will Make South's Foes Yield On Rights

While in the Deep South, where the civil rights for Negroes will not change unless force is applied, a North-south industry law provides for declared Thursday, South forces can be political, economic or even physical, he said.

John Krasna, associate professor at NYU and formerly consultant to the U.S. Commission on Civil Rights, addressed a panel discussion sponsored by the U.S. Commission of the American Jewish Archives. The association's two-day meeting opened Thursday at the Sheraton Hotel.

"There are parts of Mississippi that fear more resistance to civil rights than to Nazi Germany than to any part of the United States," Kaplan said. He emphasized that this was true in relation to "corruption of justice" and "totalitarian methods of law enforcement."

"Violence force is applied, these people in the Deep South won't change," he said.

Later, in response to a question from the audience, Kaplan related the word "pressure" for force. He stressed that he was not suggesting force on the part of any individual.

"We live in a society where the federal government has a monopoly on the use of force," he said. "There will come a point where armed and will have to be shown." Kaplan said that an example of what he had in mind was the use of federal forces at Little Rock, Ark., and at Oxford, Miss.

Reading the publication of five books of the works of Martin Luther King and other leaders in the last few years, Mr. Kaplan said he wrote the article.

"We now have a new way to publish significant books in this country."

The lack of publication of the books has been one of the chief complaints made by Jewish groups abroad.

The works of Martin Luther King are understood to have reflected the idea of an expansion of the present concept of 22,000 after an advertisement campaign in areas with a potential Jewish membership failed to attract a substantial and diverse number of subscribers.

On the other hand, a survey of the present membership disclosed a large demand for additional Jewish history material.

According to Mr. Kaplan, the Jewish press has 100 contributors, poets, prose writers and critics writing in English. It is understood that representation in the Jewish press is not as good as it should be, but he said he was not writing as by the need for a Jewish press and he would only to make the Jewish press more effective.

The first step of the current movement campaign, which began a week ago, was to open a Jewish press in the Soviet Union and to get a Jewish cultural center there to attract the attention of the entire Jewish population by the United States.

According to an account made available to Kaplan, the Soviet Jewish press, an estimate of 1,000 out of a total Jewish population of 15,000 published in the USSR. The press had to be a Jewish press, he said, and a Jewish press was not a Jewish press.

Jewish Unit Opposes Vote On Occupancy

The Chicago Federation of Labor, including the Chicago Jewish Community, has adopted a resolution against a ballot referendum on open occupancy.

"It is our conviction that open occupancy is a moral issue, and moral issues cannot be decided by a referendum," said officers of the federation, composed of 50 Reform Jewish synagogues in the Chicago metropolitan area.

A property owners' organization has been circulating petitions that would require the Illinois General Assembly to pass a public referendum on open occupancy — rental and sale of housing without discrimination on a basis of race, religion, or national origin.

The federation's resolution stated that it previously has expressed its support of the principles of open occupancy and of the efforts that have been made to achieve this policy, including the Chicago fair housing ordinance.

"Considerations of race or creed should not dictate one from purchasing or leasing a home," the resolution declared. "We therefore call upon our organizations to oppose the proposed referendum, and to continue their devoted efforts on behalf of the type of open occupancy legislation which will guarantee to every American the right to purchase or lease a home, regardless of his race or creed."

Chapter 21

How Jews in the U. S. Conceal Their Strength

HOW many Jews are there in the United States? No Gentile knows. The figures are the exclusive property of the Jewish authorities. The government of the United States can provide statistics on almost every matter pertaining to the population of the country, but wherever it has attempted to do so, the Jews have been so successful in their efforts to keep the information out of the hands of the public that the Jewish lobby at Washington steps in and stops it.

For more than 20 years the fight for the right of the United States Government to make a complete census of the people has been going on, and for the same period the Jewish lobby at the Capitol has been strong enough to win.

The alarming increase in Jewish immigration at the present time has brought the question to public attention again. For the first time in the history of the United States a national conviction is forming upon this subject. From Europe came the first news which startled this country. The reports told of vast multitudes of Jewish people at stated rendezvous in Europe. Great barracks were built for them. Large bodies of trained men went from the United States, under orders of Jewish secret societies here, to expedite "passport work" as it is termed among these bodies. Immigration into the United States became a business—a strictly Jewish business.

Why is that statement made?—a strictly Jewish business? For this reason: there are countries in Europe from which today no Gentile can be admitted to the United States. From Germany, from Russia, from Poland, it is with the strictest difficulty that even one person can be won permission to enter this country. But Jews from Poland, Germany, and Russia by the thousands come in most freely, in utter disregard of the laws, in open contempt of the health regulations—strictly Jewish business of getting another million Jews into the United States. It is like moving an army, which having done duty in Europe for the suppression of that continent, is now being transferred to America. When the conditions overseas were made known in this country and it became apparent that Jewish societies in the United States were the principal aids in this enterprise in America, the newspapers for the first time in American history began to comment on a Jewish Question in terms of alarm. This in itself is an indication that the facts are becoming too challenging to be longer ignored.

Even the ordinary immigration officials, who for years have watched the human stream as it flows over Ellis Island, have this year been startled into attention and action by the sharp change that has come in the character of the stream. And what has started them?

First, it is composed almost entirely of Jews. Real Ukrainians, real Russians, real Germans cannot come in. But Jews can come from anywhere, and are coming from almost everywhere. Why this sudden revival?—is being asked.

Second, they do not come as refugees, as people fleeing from hunger and persecution; they come as if they own the country. They arrive as special guests. As so the borderlands present business "arranged." So on this side the entrance business is "arranged." The Jews are not asked. Health regulations are ignored. Why should they not behave as if they own the United States? They are officials of Jewish secret societies, officials of the United States Immigration Bureau. Their first glimpse of life here shows a Jewish control as potent and complete as it is in Russia. No wonder then that they literally beat down the walls and gates with all the aid of a vicious invasion. Is not this America—"The Jew's Country," as it is called in the smaller nations of Europe?

Third, there is a perfect organization which overcomes the numerous objections which arise against admission of known revolutionary Jews. European Jews are potential revolutionaries. They are the revolutionaries of Italy, Germany, Russia and Poland today. They are the Red and I. W. W. leaders of the United States today. When one man whose record is known presents himself at Ellis Island—and of course he is one in a thousand whose record is not known—he is held up. Immediately there start across the country telegrams to Congressmen, editors, states and municipal officials telling them in peremptory tones to "get busy" in behalf of Mr. So-and-so who is detained at Ellis Island. And the same day there start back to Washington telegrams from Congressmen, editors and others of influence, insisting on the special character

HENRY FORD

of Mr. So-and-so and demanding his immediate admission into the United States. Sometimes also the Russian embassy—so-called—is used in this work. It is an invasion—nothing but an invasion; and it is helped by influence within the United States. It is chiefly aided with sentiment—"these people are fleeing from persecution." It is cleverly assisted by photographs showing groups of forlorn looking women and children—assisted by photographs showing the groups of hunky young revolutionaries who are just as ready to depose the United States as they were to depose the Czar.

That, however, is the present situation. What this and a subsequent article propose to do for the reader is to put him in possession of some of the facts concerning the government's fight on this question during the last quarter century.

The question is not peculiar to America, and it may throw a sidelight on the American phase to note some of the facts developed at the hearings of the British Royal Commission on Alien Immigration which sat in London in 1903, a feature of whose proceedings was the testimony of Theodor Herzl, the great propagandist of Zionism.

In his initial statement to the Commission, Herzl made these statements, among others:

"The fact that there is now for the first time since Cromwell a perceptible number of our people in England is the true cause of this Commission being called together."

"That a serious pressure exists in England, the fact of your Commission sitting is full proof."

Then the examination proceeded until the following was brought out: (the answers are Herzl's)

Q. Looking at the question of alien immigration from the standpoint of the United States for a moment, you have referred to the fact that America existed?

A. Yes.

Q. The exclusion is a partial exclusion?

A. Exclusion, as I know, is worked in this way: the immigrant must show a certain amount of money at the moment of his landing.

Q. You are aware that the stream of immigration into the United States is twice as much as the immigration into the United Kingdom?

A. I know that. New York has now the greatest Jewish population of all the towns in the world.

Q. And the actual exclusion is the actual exclusion of a small proportion?

A. Yes; but they go, however, to America. I think it is so easy to evade such a prohibition. For instance, if they joined a small company, it would find the necessary amount to cash immediately, and the immigrant shore it and cross the sea and back by post the amount he has borrowed. There are no efficacious measures to prevent that.

Q. I took it that your reference to the United States was an approval of the action of

that country as an act of self-preservation.

A. No. A little later on in the examination, the specific immigration to the United States was again brought in. The answers are still Dr. Herzl's—remember the date is still 1903:

Q. Are you aware whether it is the fact, not that the leading Jews in America have informed their correspondents here that they cannot arrive and distribute any more Jewish immigrants?

A. I have heard of difficulties of emigration and that they are surrounded with Jews. As that information I cannot say.

Q. In your opinion, would not the stream of immigration to America have been much greater if so much law had existed?

A. I think this law did not alter it much. The prohibition could not change it.

Q. On what grounds do you believe that?

A. It is a question of costs and labor. The same is. How will you prevent a man from coming in?

Q. Do you mean they are exempted for the date is still 1903?

A. No, I do not believe that. But the always find means to come in.

Now, discussion of immigration in the United States has never been free. We have talked a great deal of it in general terms, but not in terms of specifics except the Chinese and Japanese. However, it seems to have been that whenever the Jews occupy in noticeable numbers they become a trouble word are: "America, where so soon as I form a perceptible number they become a trouble word to the land" and he also knew that off would be made to meet that condition. But a man that, he dropped what must be continued, warning that such efforts would be fruitless. He said: "There exists a Jewish power, but unless it is repulsed, it is a danger to the nation."

The time apparently did come in the United States when some far-seeing official began to wonder what Jewish invasion portended. Already it was too late to be openly attacked. The Jewish lobby at Washington was powerful even at that time. So, apparently this official concluded that the best way to deal with such a menace was to collect the information. But in order to get the information, Congress gave its permission; and to get the permission, Congress had to be ordered. Hearings were ordered, and the records of them, though very so still exist. The reader will be given important extracts from them presently, and he will see for himself certain American statements related to the matter.

A remark is in order just here, namely, that Jewish lobby eventually became more skillful in its tactics. It now takes very good care that no official should be suspected who shall make suggestions which precipitate congressional hearings on the Jewish matter. The time is coming, of course, when the Jewish Question may be thrust out by the government of the United States, but it will not be because official prejudiced; it will be because the people demand it.

Officials are now much too wary to meddle with this Question. They know too well the consequences. During the war many a secret trail of danger led Jewish questions, and the secret services men who had made his reports was often surprised to find his lifted completely off that trail. Why? All Jewish it is this country were powerfully protected by his influences during the war.

Well, the time came in the United States, when was obviously desirable to know what elements comprising our population; whether we were an Anglo-Saxon nation, Germanic, Latin or what. That was this, and was so stated by government officials the time—in the '70's, and previously, it could easily assumed that an immigrant from Ireland Irish, an immigrant from Norway or Sweden Scandinavian, an immigrant from Russia was Russian, an immigrant from Germany was German, and so on. But times changed. Previous to 1903, the entire man's record—"born in Russia"—indicated the was a Russian. But, says a statement made by government officials with reference to the 10 following 1903—"So many Hebrews have come from that country to the United States, that 'born Russian' has come in popular opinion to mean 'Russian Jew'." And then the same official goes to show that during a 10-year period when 600,000 Jews came from Russia, there came also from the hundreds of Poland, France, Germany and Lithuania.

Now, to make a census enumeration of these people

under the heading "Rumania" was plainly misleading, and not only misleading but valuable for census purposes. The racial identity would be lost, and our knowledge of the racial makeup of the nation very incomplete. Therefore, the census authorities asked Congress for permission to classify people by "race" as well as by "country of birth." It seemed perfectly reasonable. Of what possible use is it to classify 3,000,000 Jews as "Rumanians" when there are very few Rumanians in the country, and when the Rumanians and the Jew are so deeply different one from another?

Senator Simon Guggenheim arose in the committee to object. He used the common formula in such cases. He said:

"Personally I object to it, not because I am a Hebrew, but because it is not in place."

That is the common Jewish formula of objection. The Great British says the same thing when it forces Shakespeare's "Merchant of Venice" out of the public schools. That society's "anti-discrimination clause" always includes the thought: "We do not boss our people on the embarrasment which may be caused to the Jewish students in class, nor is our attitude in this regard based on thin-skinned sensitiveness. Our objection is made because of the effect upon the non-Jewish children who subconsciously will associate in their minds the Jew as Shakespeare portrayed him with the Jew of today." So Senator Guggenheim, however, was playing the game according to the rules made and established in such cases.

At this hearing, Senator La Follette was chairman. Senator Guggenheim's contention was that "Jew" was the name of a member of a religious denomination, and not of a race.

Chairman La Follette—"I can see broad educational reasons why some time it would be important to know from what blood and race the man came."

Senator Guggenheim—"Why not ask his religion?"

Senators McCumber and Bailey came to the support of Senator Guggenheim's contention, that "Jew" is a religious and not a racial term.

Chairman La Follette—"I do not just get your objection to this, Senator Guggenheim. What objection can you have in having the race to which he belongs correctly entered?"

Senator Guggenheim—"Because it is not correct where stated in that way. The Jews are not a race."

Later on in the hearing, Senator Cummins entered the discussion in response to a post-Jewish remark made by Senator Bailey.

Senator Bailey—"If I were a Hebrew and I had been born here and they wanted me to say I was anything but an American, I would have a difference with the enumeration. I perhaps would refuse to answer their question."

Senator Cummins—"I would not have any hesitancy in stating from what blood I was."

Senator Bailey—"No, but in the case that I refer to, it would be a matter of religion."

Senator Guggenheim—"That is the point; it is a question of religion."

That was in April, 1906. In December, 1909, Simon Wolf was the chief witness for the pro-Jewish cause. Simon Wolf is a very interesting character. From before the days of President Lincoln, he has been a lobbyist for the Jews at the National Capitol, and has been in contact with every President from Lincoln to Wilson. At the hearing where Mr. Wolf testified, Senator Pittman acted as chairman, and the whole proceeding was witnessed and clarified by the vigorous part which Senator Lodge took in it. Certain extracts, which entirely reproduce the spirit and argument of the hearing, follow:

Mr. Wolf—"The point we make is this: A Jew coming from Rumania is a Rumanian; from Rumania, a Rumanian; from France, a Frenchman; from England, an Englishman; and from Germany, a German; that Hebrew or Jewish is simply a religion."

Senator Lodge—"Do I understand you to deny that the Jews are a race?"

Mr. Wolf—"How?"

Senator Lodge—"Do you deny that the word 'Jew' is used to express a race?"

Mr. Wolf—"At the representative of the Union of American Hebrew Congressmen—which I have been for nearly 20 years—I took on the matter and propounded a series of interrogatories to some of the leading Jews of the United States, among others:—Dr. Cyrus Adler, who was librarian of the Smithsonian Institution, and every one of them states that the Jews are not a race."

Senator Lodge—"That, I think, is an important point. I have always supposed they were. I find in the preface of The Jewish Encyclopedia, which is signed by Cyrus Adler, among others, this statement:

"An even more delicate problem that presented itself at the very outset was the attitude to be observed by the encyclopedia in regard to those Jews who, while born within the Jewish community, have, for some reason or another, abandoned it. As the present work deals with the Jew as a race, it was found impossible to exclude those who were of that race, whatever their religious affiliations might have been." In the same encyclopedia is a statement by Joseph Jacobs, B. A., formerly president of the Jewish Historical Society of England:

"Anthropologically considered, the Jew is one of a race of markedly uniform type, one either of unity of race or so similarity of environment."

Do you mean to deny—I want to understand your position—that the word 'Jew' is a racial term?"

Mr. Wolf—"I have made my statement, and my opinion as to this pamphlet."

Senator Lodge—"Let me get at it. How would you classify Benjamin Disraeli? Was he a Jew?"

Mr. Wolf—"He was born a Jew."

Senator Lodge—"He was baptised as a Christian. He then ceased to be a Jew?"

Mr. Wolf—"Yes; religiously he ceased to be a Jew."

Senator Lodge—"Abi Religiously, he was very proud of the fact that he was a Jew, and always spoke of himself in that way. Did the fact that he changed his religion alter his race?"

Mr. Wolf—"It did not change the fact that he was born a Jew; not at all; and I know the Jewish people throughout the world have claimed him, Hitler, and Berns, and others who were born of their blood, as being Jews, when they speak of persons who have accomplished something wonderful in the world. But they ceased to be Jews from the standpoint of religion."

Senator Lodge—"Unquestionably, what I want to get at is whether the word 'Jew' or 'Hebrew' is not a racial term?"

Mr. Wolf—"If you will pardon me, you will find a letter from Dr. Cyrus Adler right at the bottom of the pamphlet, which perhaps you might read for the benefit of the committee."

Senator Lodge—"After reading the letter referred to?"

Mr. Wolf—"I do not think that answers anything."

Senator Lodge—"It never occurred to me until I heard you were coming here that the classification as made by the immigration authorities had anything to do with religion. I supposed it was a race classification. It is important, very important, to get the race classification as clearly as we can."

Mr. Wolf—"You are aware that the Census Bureau some time ago attempted to classify in the same manner and it was prohibited from doing so."

Senator Lodge—"The word 'race' was stricken out of the census bill. I think it was a great mistake. It makes the returns almost valueless."

Mr. Wolf—"I can simply repeat what I have said—that I am voicing the opinion of those whom I represent—the Union of American Hebrew Congressmen, and the Order of B'nai B'rith. They are opposed to its classification as made in the last few years and as contemplated, so far as I am informed, in the report of the commission."

The hearings continued. Julian W. Mack later appearing for the Jewish authorities.

From the extracts given in this article, four matters become very clear:

First, the Jew is opposed to any restrictive legislation against his entrance into a country.

Second, the Jew is opposed to any racial classification of himself after he has entered a country.

Third, the Jewish argument to the Gentile authorities is that the Jew represents religion and not race.

Fourth, that at least one indication has appeared in which the Jew has one view to present to the Gentiles and another which he cherishes among his own people, on this question of race.

Another point might be made, as this: When the authorities disregard as unworkable the argument of 'religion, not race,' the Jewish spokesmen fall back on the fact that their organizations don't want certain things and won't have certain things—argument or no argument, commission or no commission.

The Jewish lobbyists had their way. There is no enumeration of Jews in the United States. There are 45 other classifications, but none for the Jew. The

Northern Italians are distinguished in the records from the Southern Italians; the Slavonians are distinguished from the Bohemians; the Scotch from the English; the Spanish-Americans from the Spanish; the Dutch from the West Indians from the Mexicans—but the Jew is not distinguished at all.

None of the other races made objection. On this point the report of the commission reads:

"As far as ascertained by the commission, the practice of classifying the foreign-born by race or people, rather than by country of birth, is acceptable to the people of the United States with one exception."

The officials, who were endeavoring to have the Census Report show with scientific accuracy the actual racial components of the population of the United States, were compelled to see their recommendation eliminated.

What is the result? If you ask the government of the United States how many Frenchmen there are in the country, it can give you the figures. If you ask for the number of Poles, it is there. If you ask for the number of Africans, it is known. Or don't a long list of you may make your inquiries, and you will find that the government knows.

But ask the government of the United States how many Jews are in the country—and it cannot tell; there are no records. If you want information upon that point, you will have to go to the official representatives of the Jewish Government in the United States.

Of course, if "Jew" is a religious term, like Baptist, Catholic, Christian Scientist or Quaker, then there is no harm in the argument that religious questions are not proper for the government to ask unless the religious views in conflict with, or is a menace to, the ideals of the Republic. But if "Jew" is a racial term, or a national term, then the government is properly interested in making record of all the inhabitants of this land who bear it.

Like all questions pertaining to the Jew, this can be settled by their own words. What the Jews teach the Jews on this matter should be the determining point. In the next article we shall see what Jews themselves have to say about "race or religion?"

Working For Negro Results In Pregnancy Suit

Blind, moaning blues King Ray Charles has been held with a blue-sounding publicity suit in Los Angeles, charging him with being the father of Sandra Jean Bette's unborn child. Though neither Ray nor any of his aides would talk about the Ohio state charges, Miss Bette, a former model and secretary, told a Los Angeles newspaper that she was pregnant with her partner's child.

Expecting the child in October, the woman asked the court to declare Charles the father of the unborn baby, and order him to pay medical, hospital, and other expenses. Citing what she claims as Charles' yearly intake of \$1 million from personal appearances, recording, and various business ventures, Miss Bette seeks \$1,000 monthly child support and "other relief as the court considers just and proper."

She said the blind singer first met backstage at an Ohio concert who attended on her 11th birthday, and Miss Bette's attorney, Peter J. Maglione, "they got along famously." The lawyer charged that the woman went to California to live in 1962 at Charles' request on an alleged promise of marriage.

"He brought the talent," Maglione said, "and in the beginning he was very kind and decent to her. He paid her bills, he paid her rent. He said he would be available for marriage and she believed him." The girl's lawyer claimed Charles "suddenly got very busy" when told Miss Bette was expecting a child, though he cut the lawyer claims, make arrangements to take care of all medical and hospital bills. "But after the arrangement, that's when it all sort of cracked right there," continued the lawyer. "She bent over backwards to keep this out of court. Private talks were attempted for three months. She said this suit strictly out of concern for the future of her unborn child. As far as blood tests are concerned, Sandra Jean welcomes any scientific, creditable tests to establish paternity." Meanwhile, Charles filed a petition in court denying the rep.

Blind "Crooner" indicates new Miss Bette pregnancy suit.

World's Racial War

CONGO...

A report in the "Daily Telegraph," London, dated Feb. 6th, 1964, reads as follows: "A Paris court yesterday ruled in favour of a French editor who was charged with libel for publishing a letter by Mr. Albert Kalanga, former President of the Congo's South Kasai Province, against a French editor whose paper has accused him of using six people, including two missionaries, as slaves."

It was said the editor in South Kasai for the head of the government is not persons."

SOUTH AFRICA...

Several years ago, while South Africa was ruled with race riots, the press was confidently predicting in the world that the white government would soon fall due to its "repressive" apartheid laws. This talk has been heard and even the most vicious liberal now admits easily that white supremacy in South Africa is there to stay. Why is that? Certainly in what they would have on white, apartheid is a big success. Most of the negroes are satisfied with the highest standard of living any negro has on the African continent. It is now evident that the rising in South Africa, as in Angola, was a direct result of Communist agitation.

BRITISH GUINEA...

This British colony in western South America has been the scene of massive racial disturbances, riots, political assassinations and strikes. The prime minister is Cheddi Jagan, a pro-Communist Marxist who is married to a Chinese woman (Jean Keesenberger). Recently Jagan has encouraged Communist parties which have almost destroyed the country's British controlled sugar industry. France continues to support Jagan and Indians have also become the victim of the day. Britain has refused to grant British Guiana independence till a solution is found.

EAST AFRICA...

The following report appeared in "Canadian" all-British English: "There was a feeling of pride in seeing the speedy manner in which, without receiving a single casualty, a few hundred British troops dispersed ten times their

number of mutinous East African troops in Kenya, Tanganyika and Uganda. The police is again brought to bear, incidentally, that is really rather South Africa can be said to have much to fear from Black soldiers, who cannot be compared in courage or loyalty to the Arabs or Berbers of European origin - that the French had to fight in Algeria."

FRANCE...

A report out of Switzerland claims France is being flooded with Negro immigrants. Already there are 15,000 negroes in France, with 15,000 in Paris, and the rest in Marseille, Bordeaux, Le Havre, Dunkirk and Brest. Most of these immigrants are coming from the former French colonies in West Africa and Senegal.

At Evreux, France, two American negro soldiers were convicted of the murder of a white U.S. soldier. Alvin Karpis, a Negro, was sentenced to life in prison with a brown and steel pipe. This strange case is only typical of the negro race which has a long record of violence and savagery.

SOUTHERN RHODESIA...

When the fall of Southern Rhodesia - Premier Whiston Field and the accession of the South, the head of the white colonists has been greatly sympathized. Rhodesia knows to fear independence from Britain with or without her consent, while Rhodesia has been a long time in the making. Rhodesia is now a British colony. Rhodesia is now a British colony. Rhodesia is now a British colony.

CANADA...

Canada plans to allow 15,000 Algerian Jews to emigrate to Quebec. These French speaking Jews are welcome, and are certain to immediately be incorporated into the overwhelming Jewish domination of that Dominion.

BILL C-21.

An Act respecting Genocide.

David Stedley

Two bills, presently before the Canadian House of Commons would restrict the right of free speech on the Jews question. Bills C-21 and C-43 represent moves by Canada's Jewry to make it illegal to use the word Jew in anything other than a flattering manner. The text of each bill appears on this page.

Specifically, Bill C-21, which was tabled by a Jew named Kish would send anyone to a Federal prison for a period of one year for merely daring to criticize the "chosen people." The other bill, Bill C-43, which was introduced by the Jew David Griffiths is a member of the ultra-right New Democratic Party, would forbid anyone from making any statement which would bring the Jewish race into contempt.

The only other countries that enforce world-wide, present anti-semitic laws are Germany, Italy, by slave states, Israel, at occupied Germany.

Jewry presently controls the regular media, including television, radio, newspapers, books and magazines, and now they would cut off the last means of reaching the people.

These moves are in direct answer to the emergency called for in the Protocols of the Elders of Zion. The Protocols are a Jewish plan for the conquest of the world. The Protocols are a Jewish plan for the conquest of the world. The Protocols are a Jewish plan for the conquest of the world.

Parliament in Canada has not yet passed this bill and will not pass it until it is clear that it is not a Jewish law. Many people are now saying that it is a Jewish law.

Admits smuggling Chinese to Canada

VICTORIA (CP)—A 41-year-old city alderman yesterday admitted he conspired to bring 25 Chinese into Canada illegally in a case police described as probably the largest racket of its kind in Canada.

Chung Wing Hing, known as Peter Chung, pleaded guilty in court to seven charges.

CONGRESSIONAL JEWRY CONTINUES TO ENFORCE WORLD PROHIBITION OF FREEDOM, HUMANITY, AND PEACE

"The white man is now scared. The whites won't let you with you. We are now the majority in the world. 1 whites are afraid of us. 1 Negro has to learn how to fight. This is a black movement. It is ridiculous for the white man to try to lead the Negro. This OUR hand... We stand in the middle of the black man's revolution and make no mistake about it. This is a revolution. Black men should be 'anyth but a fighter.'"

James K. Warner Framed In New York

Former associate editor of The Thunderbolt, James K. Warner who recently moved to New York State to set up a patriotic bookstore in Yonkers, has been railroaded by a New York court and a biased jury. Warner had been charged with "sedition" when a Jew-led gang charged into his shop and started tearing up copies of The Thunderbolt and Common Sense. A Jew college professor who led the raid had to be restrained by Warner who used his billy club with not inconsiderable skill — sending the

Jew to hospital. Such the Jew and Warner were brought before a judge who sentenced the Jew to a 100 day, UNPAID WORKING sentence, for the "crime" of sedition. Warner is now being held without bond, while his case is expedited. This is "justice" — Jew — Communist style. (Note: reader: many persons call the Jew a Jew. The Thunderbolt will keep you informed on this case. Apparently they intend to hold Mr. Warner off until December 4th.)

"Progressive Mag" Labels NSRP

The June edition of "The Progressive" (Alberta Radio, editor) magazine published in Medicine Hat, has jumped the victim's attack against Dr. Edward R. Peake and NSRP. There are several errors in the article which will have to be corrected by the authors, or legal action will be undertaken by the NSRP. The article is the work of the Birmingham Youth who shot a Negro the night after the Negro-church burning (which was followed by much rioting and chaos) had just attended an "Integration NSRP rally." The article states the youth got "in fired up" after going to our rally. The facts are that we never held a rally on that date and the youth have informed us that they have never in their lives attended an NSRP meeting.

This is the same libelous charge which was one of the points in a million dollar article that we now have in the courts against the Birmingham News. We are not interested in the editorial comments of any left-wing publications like "The Progressive" so long as they do not print outright lies about the NSRP. It is our duty to protect the membership of NSRP against such attacks, and for this reason legal action will be taken every time this organization is libeled. All left-wing liberal newspapers make.

Careful: Is Big Brother 'Listening'?

F.B.I. Confesses To Wiretapping

The Federal Bureau of Investigation this month admitted three official eavesdroppers that it was breaking the law by tapping telephones.

Louis Nichols, Assistant to the Director of the FBI, revealed that "There are (now) less than 100 wiretaps by the FBI in existence throughout the United States."

Law enforcement officials not connected with the Federal Bureau have indicated from their own knowledge that Nichols is either misleading or misinformed. A more realistic estimate, obtained from a reliable source, indicates that there are between 2,000 and 4,000 taps in operation at all times.

Other wiretaps are used illegally by the military intelligence services, some state attorney general offices, local law enforcement officials, corporations, unions, agents of groups like the Anti-Defamation League, and numerous others determined to listen in on the telephone conversations of business and social circles.

THE JEW OF THE MONTH

Attorney Samuel Resnick

Attorney Samuel Resnick was highly respected among left-wing circles in Toronto, Canada. He was counsel for the "New Democratic Party" (Canada's Socialistic Party) and many of its friends and relatives in the left-wing. Resnick was elected President of the "Woodsworth Memorial Foundation," a foundation set up by J. S. Woodsworth, who also founded the left-wing CCF Party.

In mid-May of 1962, Samuel Resnick along with his wife and children disappeared from Toronto, suddenly the "Woodsworth Memorial Foundation" discovered that Resnick had sold their large office building, (which housed the Headquarters of the New Democratic Party and several Trade Unions) alone, funds transferred to him by many clients, including well-known Socialists and relatives were also gone.

Police investigators charged Resnick with absconding with \$337,000. There was a total of 23 acts of theft, committed over a 5 year period. The real shocking news came in: Samuel Resnick had settled in Israel, where he was living it up on the Israeli Navy coast of Tel-Aviv. Under the Jewish "Law of Return", he applied for permanent residence. Canada has an extradition treaty with Israel, and couldn't force him to come back home and face the mid-air. But, most of all, he defected with himself, Jews, especially Marguerite Lazarus who lost \$125,000 to Resnick.

Jews arrested protests into the Israeli Embassy, demanding that Resnick be brought to justice for swindling his own people. The State of Israel then refused.

BY POLICE CHIEF'S ORDER: Toronto Mayor Samuel Resnick (right) is escorted by Det. Sgt. James Hines after he came last night to the left wing charge building arrest. Resnick flew back to Toronto from Israel yesterday.

Resnick to leave the country at the end of his tourist visa. His New York where the Immigration officials promptly placed him in a number plane bound for Toronto where he was arrested. Apparently he had planned to stay in New York and fight extradition, but he didn't have time to find a lawyer and resist. During the trial, the prosecution charged Resnick with having "brought a long trail of financial devastation to the people who trusted him." His defense lawyer cried, "There is some point in this case, it is not a case of a man who was given the very light sentence of 8 years in prison on June 5 1954. Only \$64 was recovered where the rest went to the known Resnick was swiping as they told him away to prison - another 'your personal Jew.' Anyone want a Jewish lawyer? There are plenty of Resnicks to be found in the Yellow pages of your phone book."

President Johnson Once Opposed Civil Rights Bill

Let's Look At The Record!

In a recent Senate speech on the "Civil Rights" bill, Sen. John L. McClellan (D-Conn.) recalled debate on the same subject in 1949, when the Truman Administration was backing an FEPC-type proposal, far less stringent than the 1964 bill.

During the 1949 debate, one Southern Senator remarked:

"This, to me, is the least meritorious proposal in the whole civil rights program. To my way of thinking, it is this simple: If the Federal government can by law tell me whom I shall employ, it can likewise tell my prospective employees for whom they must work."

"If the law can compel me to employ a Negro, it can compel that Negro to work for me. It might even tell him how long and how hard he would have to work."

"As I see it, such a law would do nothing more than enslave a minority."

"Such a law would necessitate a system of Federal police officers such as we have never before seen."

"It would require the policing of every business institution, every transaction made between an employer and employee, and, virtually, every hour of an employer's and employee's association while at work."

Thus spoke Lyndon B. Johnson, then a freshman Senator from Texas, during the 1949 debate.

Sen. McClellan observed: "Moral rights and wrongs have not changed since then. Whatever was right then is right today; whatever was wrong then is wrong today. The rights and wrongs have not changed. I thought he was right then. I have not changed my opinion."

Changes In Thunderbolt Announced

This month we continue our progress. Our expanding circulation now allows us to jump the size of our newspaper up from 12 to 16 pages. We have added several new sections for readers. First the "Letters To The Editor" page, so that you can express your own personal views on the problems facing the nation today. Also, the new "Classified Ad" section will give you the opportunity to sell any personal item that you want to get rid of. We are continuing to make rapid progress and are greatly encouraged that White Christian Americans are finally waking up. Thank you for your support, we hope to spread the truth. Let us and all continue to work to build the NSRP Movement in "The Thunderbolt" Newspaper.

Could Pres. Johnson Have Jewish Blood?

What's in a name? Sometimes this can raise a lot of interesting questions. Wherever the family of Pres. Johnson comes from, what was their race? The name of Lyndon Johnson's father was Samuel Ealy (pronounced "Eli") Johnson. His wife's name was Rebekah Baines Johnson. The names: Samuel, Eli, and Rebekah are often used by Jews. His father was an Episcopal soldier of clothes, pots, pans, etc., which he sold as he traveled from town to town in the deep South after the Civil War. Was he a carpet-bagger or what? Even L.B.J. says he knows little of his ancestral family tree.

Perhaps grandpa's dad will soon appear so that come right on all this. "Lady Blue" gives this tidbit by her Negro maid has a most interesting and dark skinned eyes familiar characteristics associated with the Jewish race—who makes up 1% of American Jews. We would like to know more about her racial lineage—it is said she is very close to the Jewish lineage, as is the real "mother" behind the throne!
